

Dräger X-pect® 8310 Protective Eyewear

Pure design for optimal fit and high comfort: Spectacles Dräger X-pect® 8310. You can either choose from a clear or a yellow lens.

Benefits

Very robust but extremely lightweight material

The material of the X-pect 8310 spectacles is very robust and stable due to polycarbonate material but is still extremely lightweight providing high comfort even during intensive use.

Comfortable with hearing protection or helmet

Equipped with flat temples the spectacles X-pect 8310 are comfortable and suitable for any kind of hearing protection or helmet.

Sportive, modern and unisex design

Effective protection combined with an attractive, stylish and unisex design. Dräger's X-pect 8310 spectacles are characterised by a modern and sporty look, making them extremely popular among users in industry, trade or for private use.

Universal nose bridge

The spectacles X-pect 8310 are equipped with an universal nose bridge to fit most of the people.

UV protection and best optical class

The X-pect 8310 offer the highest UV protection available and the best optical class (class 1) for continuous work. Additionally, it is certified in accordance with EN 166:2001 and is CE compliant. This means that all spectacles meet high quality requirements.

Anti-scratch and anti-fog coating

The X-pect 8310 spectacles feature an anti-scratch and anti-fog coating to ensure clear vision in the most arduous of situations.

Best possible comfort

The X-pect 8310 spectacles provide high wearer comfort due to its ergonomic design. In addition, the series provides perfect fit together with Dräger X-plore half mask respirators and particle filtering face pieces.
